COACHING PHILOSOPHY

I have played soccer the majority of my life, mostly comp then rec leagues through college and grad school and on. I have coached for 7 years. I also have two girls that both play in separate leagues. It is my belief that team sports are for the shaping of our kids' present and future character. I ask for dedication, hard work and focus in attempts to learn to master the skills, techniques, and concepts of the game. It is my hope to foster community amongst the team, bringing them together on and off the field.
